PRESIDENT'S MESSAGE

Spring has arrived here in Illinois which means it is nearly time for the INPS Annual Meeting. We are fortunate to have a large state that stretches through several growth zones North to South and sits at the crossroads of the Eastern Hardwood Forest and the prairielands to the West.

Because of our unique location there is a large variety of interesting sites for fieldtrips throughout the state. This year the Annual Meeting will be headquartered in Petersburg with access to nearby Illinois and Sangamon River valley sites.

Come join us June 11th, 12th, and 13th for a friendly and relaxed look at some of Illinois' beautiful landscapes. Reacquaint with old friends and make new friends at the 2010 Illinois Native Plant Society Annual Meeting.

HAVE A GREAT SUMMER,

R. J. Fehl

Dear Members,

Thank you for the material submitted over recent months. I could always use more. Too much is far better than not having enough to fill these pages. There are, of course, **deadlines** to meet. **July 1st, October 1st, January 1st, and April 1st.**

I hope you enjoy the newsletters and always welcome suggestions for improvement and content. Thank you for your input.

Sincerely,

Mike Tyner windfirerain@comcast.net
Editor

P. S. It is really very convenient to receive material via e-mail. That saves this poor typist a great deal of mid-night hours. When sending items please be sure the subject line of your e-mail begins with **"Harbinger"**. That way a simple sort when doing my editor work will take me directly to the best news, views and photos in the INPS world.

Tentative Fieldtrip Schedule 2010 The fieldtrips are not sponsored financially by the NE Chapter. All arrangements to the trips will be on your own or with other people planning to attend. The trips are geared to provide a look at different sand communities in Indiana and northern Illinois, excluding sands along Lake Michigan. The trip will be weekend trips with camping available. We hope to also see members from other INPS chapters as the sites cover the northern half of the state. The actual sites to be visited and overall order of the sites are not yet finalized. Nothing is set in stone.

May 15/16 Indiana Sands Camp at Tippecanoe State Park in Indiana. Visit preserves in Newton, Jasper & Pulaski counties.

May/June, State Annual Meeting

July 17/18 Central Illinois Sands Camp at Sand Ridge State Forest. Visit Sand Prairie Scrub Oak NP, Henry Alan Gleason NP and others to be determined.

August 14/15 Illinois Kankakee Sands Camp at Des Plains Conservation Area. Visit Hitts Siding, Braidwood Dunes and Savanna, Sand Ridge Savanna, Wilmington Shrub Prairie.

September 18/20 Mississippi Sands Camp at Mississippi Palisades. Visit Hanover Bluff, Foley Sand Prairie, Ayer Sand Prairie and maybe Savanna Army Depot.

October 4 Southern Cook County Sands No camping Visit Indian Boundary Prairies, Sand Ridge NP, Thornton-Lansing NP and Jurgenson Woods.

NEW MENARD COUNTY RECORD smallmouth salamander (*Ambystoma texanum*)

Found underground on 30 March 2010 by Larry Horon and Jeremy Rappaport while digging a planting hole for a tree. Starhill Forest Arboretum, 12000 Boy Scout Trail, Petersburg, IL, on a lower south-facing slope just above record flood level, ~30m north of Rock Creek. Southern Menard County about 2 miles north of Sangamon County and approximately 200m east of Boy Scout Trail road.

GPS of arboretum (taken about 150m north of salamander site) = N39°56.1', W89°48.1'.

Habitat is second growth forest, not recently disturbed but grazed until about 1970 -- *Quercus* spp, *Celtis occidentalis*, *Prunus serotina*, *Juglans nigra*, *Ulmus americana*, *Acer negundo*, *Gleditsia triacanthos*, *Fraxinus americana* included in overstory, mostly under 40 years old but with a few older trees 100+ years; *Cercis canadensis*, *Crataegus mollis*, *Ribes missouriensis*, *Cornus drummondii* subcanopy; predominantly weedy understory with some native wildflowers present (*Phlox*, *Trillium*, *Claytonia*, *Asarum*, etc.).

Kept overnight in moist soil, photographed the next morning by me (I have several more photos), and then released by Horon and Rappaport onto a mud bank near the same location.
